

## Wiper/Washer Switch

#33010

### 2- Speed with Park

Aftermarket 2-speed windshield wiper switch mounts in a 3/16" hole, 1/4" maximum panel thickness. Comes with a universal black Knob but the 3/16" shaft will allow any of our billet dress up knobs to fit for a custom look.

Thank you for buying a Streetworks product. Be confident that it will provide the quality and performance that you demand for your car. *Please read and understand ALL installation instructions before beginning.* Planning and preparation will make the actual installation process easy and quick.

**DISCONNECT POWER AT THE BATTERY BEFORE DOING ANY WIRING!**

On the back of the switch you will find terminals with letters next to them to mark their function. Follow the following instruction to know where they connect.

**2:** Connect to the LOW speed wire on the motor

**B:** Connect to +12vdc input from the fuse panel

**3:** Connect to the PARK wire on the motor if it has one

**1:** Connect to the HIGH speed wire on the motor

**W:** Connect to Washer Pump +12vdc Input
