

Doing electrical work but you just aren't quite sure of yourself? Pick up a copy of our Basic Auto Electricity Book. This fact filled book walks you through electricity from the basics to a complete automotive circuit diagram. And at just \$7.95, it's better than aspirin at solving electrical headaches!

BILLET DRINK HOLDER

#B-DH

- ☐ Machined Aluminum Drink Holder.
- ☐ Racer-black O-Rings for good looks and good grip.
- ☐ Magnetic base holds it in place on horizontal steel surfaces. Perfect for VW Beetle glove box door or any flat surface. Easily removed for storage.
- ☐ 3 inch inside diameter holds almost all drink cups.
- ☐ 3-1/2 inch outside diameter X 2-1/8 inch high.
- ☐ Inner plastic "cup" to help catch condensation.

Manufactured by Watson's StreetWorks Rod & Custom Products

Thank you for buying this product
from Watson's StreetWorks.

This Machined Billet Aluminum Drink Holder is the perfect addition to the interior of your too-cool ride.

It has a magnetic base so that it will hold onto horizontal steel surfaces - making it perfect for use on the glove box door of VW Beetles as well as many other applications.

When not in use, it is easily removable for storage inside the glove box or other location.

Be sure to keep the magnetic base clean as it can pick up debris that might scratch paint.

Racer-black O-rings add a great look and gripping power.

Please - do not drink alcohol and drive!

Watson's StreetWorks has an extensive line of street rod and custom car and truck parts with one of the largest selections of billet interior trim and electrical accessories. Check us out on the web at www.watsons-streetworks.com.
