

6 Amp LED Dimmer

#WI-DIM

Unit will dim a series of LED's and Incandescent bulbs up to 6 Amps. Includes a completely of position. Knob can be replaced with any 1/4" knob.

Thank you for buying a StreetWorks product. Be confident that it will provide the quality and performance that you demand for your car. *Please read and understand ALL installation instructions before beginning.* Planning and preparation will make the actual installation process easy and quick.

DISCONNECT POWER AT THE BATTERY BEFORE DOING ANY WIRING!

1. Wire per the diagram shown. Power and ground of LED must run back to dimmer.
2. Reconnect power and test.
3. Drill 7/16" hole in desired mounting location, verify first that you have space behind.
